

## RURAL AREAS

### Definition of Rural Area:

Rural areas include open country and communities with populations of not more than 25,000, which are rural in character and not closely associated with urban areas.

To determine eligibility visit <http://eligibility.sc.egov.usda.gov/eligibility/welcomeAction.do>

Maps delineating eligible rural area boundaries are also available in the administrative office in Portland or the branch office serving the county in which the property is located. See Oregon Directory of RD offices.
